

What Members Say About Membership

This was the best money I have ever spent. I got involved with ASTD Rocky Mountain Chapter because I did not have any connection with local training professionals even though I have trained people in 31 countries across the world, I joined, became a volunteer and now I have several friends in the profession locally! Thank you ASTD!

Nancy P.

I have really been impressed with the quality of the educational development provided by ASTD RMC. The opportunity to attend a seminar with Don Kirkpatrick on the four levels of evaluation, the architect of the model, is so valuable to me and my company. It has really boosted my professional credibility!

Roger C.

I was job hunting in a bad economy. Even though I was on unemployment and the membership fee was a sacrifice, the benefits from affiliation with the professional community would be worth it. I found that having ASTD on my resume greatly increased my credibility and it didn't take long to find a job.

Kiaya S.

I own a training and development company. I wanted to get out there and grow my business. I found that attending ASTD RMC's great events has led to numerous business opportunities. I have now decided to sponsor ASTD RMC events to continue to build that momentum.

Susan S.

Other Exciting Opportunities with ASTD Rocky Mountain Chapter!

In addition to professional memberships, consider participating in other ways.

- ❖ **Volunteer:** Leverage your membership in ASTD RMC by volunteering to actively support chapter activities. Build your leadership skills and visibility by taking an active role in the professional community.
